

AVLL Conference Notes

Next AVLL Conference Planning Team volunteers and draftees:

- Martie Parsley, LSU
- Joel Lutes, PUC
- Brian Hartman, Silver State Ad. School (Reno 9-12 DE Project)
- Marilyn Eggers, Pacific Union Conf. ATIE ("draftee" to help provide continuity from the past planning team to this one)
- Elaine Plemons, AE21 (also on the past planning team and will help host the June conference at the GC)
- Administration representative (someone needs to volunteer—or someone can nominate someone else!)

Possible dates and places for the next AVLL Conference:

- March, LSU (those who can meet with administrators)
- June 19-22 (16-19) just before GC so those in the world field can participate
- August, NAD Convention - Texas (Daryl Thomas - local host)

Need to do - based on two working group reports - K-12 and IS:

1. Endorse the K-12 proposal
2. Take endorsement to union directors
3. Develop taskforce to implement

4. Determine technical support:
 - Course designers
 - Student (consortium)
5. Determine software platform consortium will use and support
6. Work toward developing virtual-support teams.

Possible future name change for AVLL and number of votes:

- ATLC - Adventist Teaching/Learning Collaborative - 13
- AVLL - Adventist Virtual Learning Laboratory - 7
- ADEC - Adventist Distributed Education Collaborative - 7
- AVLC - Adventist Virtual Learning Consortium - 3
- ALC - Adventist Learning Collaborative - 3

It was decided that even though there is some discomfort with the name of AVLL, it was premature to rename the organization at this time. This issue will be dealt with once the organization has more direction.

The word "virtual" appears to be the biggest problem with AVLL to some individuals.

Higher education institutions not represented at this conference:

- Atlantic Union College
- Canadian University College
- Kettering
- Florida Health
- Atillion University
- Montemorelos University

Web info:

- <http://www.avll.org> (domain name) is available now for \$70
- Should we get it for now while we are organizing?
- SAU is willing to host the AVLL web site with the new domain name.
